Re: Follow-up Information Request Letter Related to Stringfellow Superfund Site

Dear Ms. McAndrews:

We have received and reviewed your January 3, 2012 response to the United States Environmental Protection Agency's ("EPA") November 3, 2011 104(e) Request for Information ("Request") relating to the Stringfellow Superfund Site (the "Site") located in Riverside County, California, on behalf of Allegheny Technologies Incorporated ("ATI") and its subsidiary TDY Industries, LLC (together, the "Company"). We appreciate the Company's timely response, and the information provided to date. We would like to request certain additional information based on our review of the Company's response. EPA asks that you respond to the following supplemental requests.

Supplemental Requests:

1. In its January 3, 2012 response, ATI stated that its subsidiary TDY Industries, Inc. (n/k/a TDY Industries, LLC) sold the assets of its McCormick Selph division in 1999. Provide complete, executed copies of the 1999 transaction documents pursuant to which the McCormick Selph division assets were sold.
2. In the January 3, 2012 response, ATI stated that TDY Industries, Inc. sold 185.91 acres of real property located at the Site and identified as assessor parcel numbers 173-170-001, -003, and -014 to the Trust for Public Land in 2001. Provide copies of the title documentation evidencing the ownership of the real-estate property by TDY Industries, Inc. and/or its related entities, as well as complete, executed copies of the real estate transaction documents pursuant to which this real property was sold.
3. State whether Teledyne Industries, Inc. (n/k/a TDY Industries, LLC) was operating at the Site under contract with the U.S. Government. If so, identify the agency or agencies with which it held contracts, and describe the type of work performed by the Company under each contract.

4. ATI and TDY Industries, LLC also stated in the 104(e) response that they were not aware of any documents that were responsive to questions numbered 10 – 25, but that their search for relevant documents was ongoing. Provide copies of all documents identified as responsive to the Request since the Company submitted its January 3, 2012 response.

EPA has the authority to request this information pursuant to Section 104(e) of Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), 42 U.S.C. § 9604(e). Although we anticipate your cooperation in this matter, please note that failure to comply with EPA's information request, or to adequately justify such failure to respond, may subject you to an enforcement action seeking to compel compliance and collect penalties of up to \$37,500 per day of noncompliance pursuant to Section 104 (e)(5) of CERCLA, 42 U.S.C. § 9604(e)(5).

Please refer to the Request for definitions and instructions with respect to your response, including instructions as to the assertion of a business confidentiality claim and the determination of the scope of our request. Those definitions and instructions continue to apply and are hereby incorporated into this supplemental Request for Information. A copy of the November 3, 2011 Request is enclosed for your convenience.

Please provide your response, in writing, within thirty (30) calendar days of your receipt of this letter. Your response should be directed to:
